**5C HOLISTIC APPROACH**

## ESSENTIAL LEARNING FRAMEWORK

### PRIMARY

(For 6 – 11 years old)

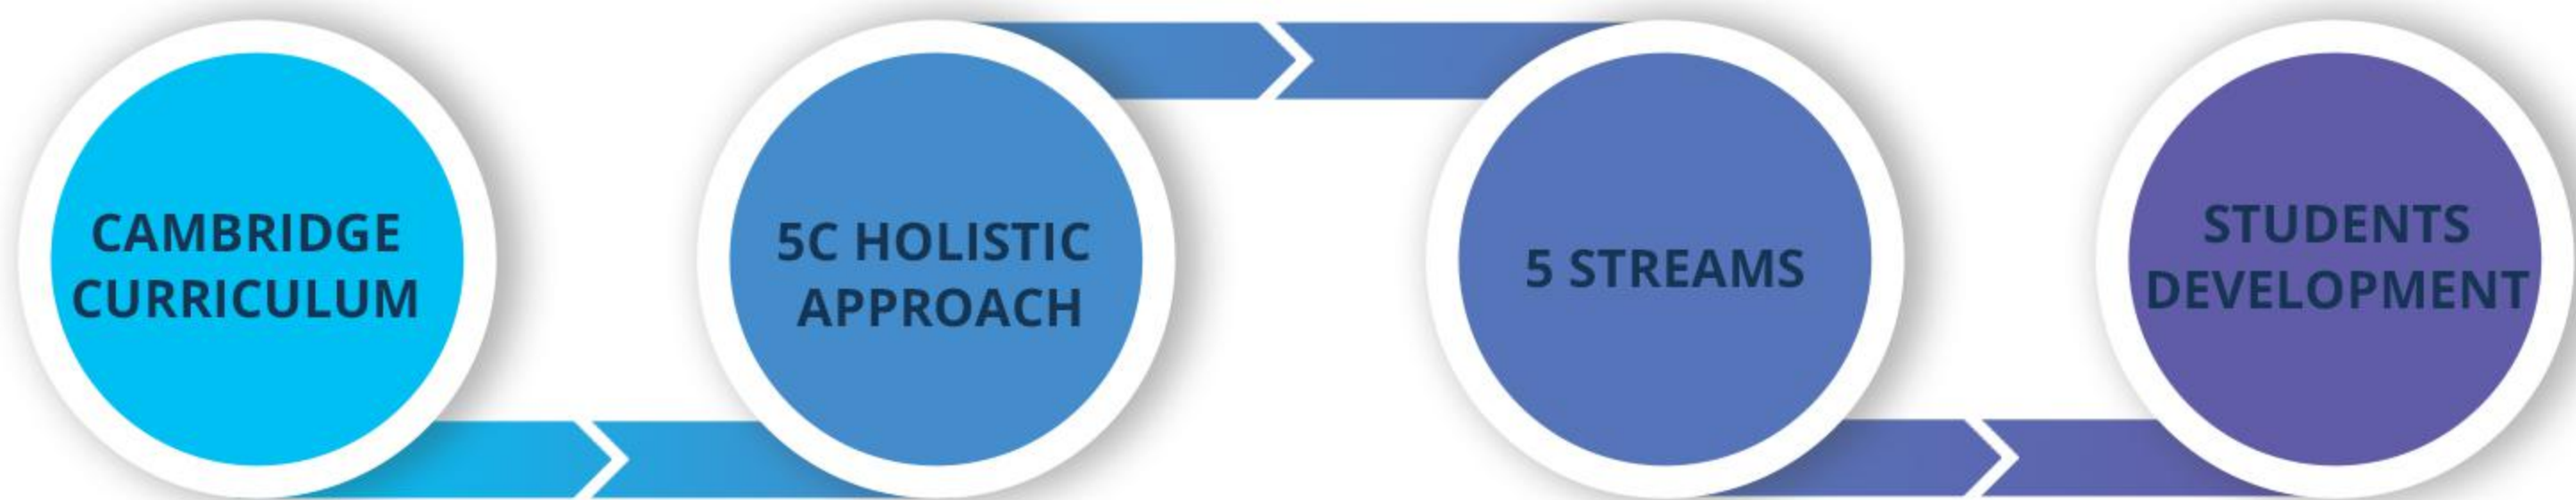

ECS adopts Cambridge curriculum with the main subjects being English, Mathematics, Science, and ICT in order to provide a strong foundation and develop student's abilities. Local values and Mandarin curriculum are also carefully inserted and designed. Students are very open to exploring ideas and concepts. All of the teachers in charge of these subjects are certified and highly qualified to provide a well-rounded school experience that centers around critical thinking, problem-solving and self-development. At the end of Grade 6, our students will take the Cambridge Primary Checkpoint to benchmark their performance using an international standard.

# UPPER STAGE EDUCATION SECONDARY-HIGH SCHOOL

(For 12-18 years old)

## ESSENTIAL LEARNING FRAMEWORK

ECS continues to use the Cambridge curriculum completed with university preparation pathway which mainly focuses on student-based learning.

The program offers 5 scholastic streams where student can choose one streams to facilitate their study in depth, prepare them to be global citizen and develop the skills they need to succeed at a further level. Those 5 streams are Science, Computer Science, Business, Art & Design, and Music. At the end of Grade 10, student will sit for IGCSE level examinations.

5C Holistic approach implements in the integrated learning program. Student are also equipped with development programs such as Performing Arts, CONTAINERS (CCA Programs) and Counseling session.

### Pre-University

(Grade 11-12)

Students will complete their study with the Cambridge A-Level syllabus. This program will prepare our students to proceed the quality overseas universities world-wide.

Aside from the curriculum program, the school conducts an annual education fair and the student counselor will provide significant guidance to assist the student for university application.
